Introduction

Welcome to The MORCO Price List.

Since 1987 Morco has been a supplier of a wide range of top quality products to the professional and amateur photographic and allied markets.

We are the UK distributor for BEATTIE, PHOTOTHERM and WEIN products, we also manufacture/produce MORCO PHOTOGRAPHIC products. These products are available direct from us or from quality dealers nationwide.

We have a well earned reputation for supplying FILM at very competitive prices, as we also have for PAPER & CHEMICALS and DIGITAL MATERIALS. We offer a large range, which is fresh and fully guaranteed.

STUDIO PRODUCTS are a specialty, plus associated accessories. Of course, we have always been known for DARKROOM PRODUCTS and continue to supply everything required for the modern darkroom. If you are planning a new studio or darkroom, we can help with design, equipping and even construction.

A vast array of CAMERA, STUDIO, DARKROOM & DIGITAL materials, equipment and accessories is only a call or a click away....

This price list and our website have many products in common, but some are only shown on one, or the other - all are, of course, available!

We look forward to hearing from you very soon.

Prices

Prices for some of the products we supply tend to change fairly frequently. **Please call us for our best up-to-date prices.**

Had a better offer?

We know our prices are very competitive, but if you have had a better offer, please let us know and we will do our best to beat it.

Paper Size Information

Size	cm's.	in's. (approx)

Office Hours

We are normally open:

Monday - Friday 9:00am - 5:00pm

We are closed at weekends and on UK public holidays

Callers are very welcome, by appointment please.
We do not have a showroom.

Ordering Information

V.A.T. (Value Added Tax - Sales Tax)

ALL INVOICES ARE SUBJECT TO VAT AT THE CURRENT UK RATE OF 20%

if the goods are supplied within the EU. Normal export orders (including the Channel Islands) are supplied tax free. Business customers in other EU countries will be invoiced tax free providing a valid VAT registration number is quoted when ordering. For your convenience, all prices in this list are shown both exclusive and inclusive of VAT.

Orders

We welcome orders by phone, fax, e-mail or post. We are pleased to accept official orders from UK government departments and recognised organisations. Please give us as much information as possible and remember to include a contact name and TELEPHONE NUMBER in all cases. **Minimum order: Credit cards & prepaid - None. Charged to an account - £50.00.**

Special Orders and Special Order Cancellations

We are always happy to accommodate special orders wherever possible.

Subject to acceptance of the order we will endeavour to obtain any non-stock item. Special orders often involve a delay in delivery, which can be extensive in some cases. Just because you have not yet received the goods does not mean that we have forgotten the order! If you feel that you are unable to wait for any item you must contact us to cancel the order. However, it must be accepted that this is subject to acceptance of cancellation by our supplier.

Despatch

On acceptance of orders stock items are normally despatched the same day if the order is received by midday, however next day delivery - although normal - cannot possibly be totally guaranteed. For most deliveries the driver will require a signature to confirm receipt - Remember, if no one is in they will simply take the goods away! Any items 'to follow' will be despatched as soon as they become available. We reserve the right to use our discretion on the shipping of part orders when we expect all items to be imminently available - unless you request otherwise. We normally invoice goods on the date of despatch.

SAME DAY DELIVERY - No problem - but ask for a quote!

Carriage Costs

Carriage is normally **FREE OF CHARGE on orders over £100.00+VAT** for delivery within most of mainland UK. (Excluding Highlands & Islands) Goods are normally sent within the UK by overnight courier (weekdays) or first class post.

If charges apply, a **small pack** (e.g. 10 rolls of film) **costs £2.92** and a **heavier parcel** (e.g. paper & chemicals) **costs £7.50** - usually with next weekday delivery, if an a.m. delivery is required there is a surcharge. All prices are **plus VAT**.

We ship worldwide, please call for information and costs to any destination.

Payment

Payment is due with the order from non account holders. We welcome **Cash, Maestro/Delta** Debit Cards and **Mastercard/Visa/American Express/JCB** Credit/Charge Cards, **Sterling Cheques - over £100 only** (Payable to Morco Ltd.) there will be a delay in despatching goods while the cheque clears. We do not accept cheques for 'over the counter' purchases - **cards are easier and quicker in all cases!**, **Bank Drafts - over £200 only**. Payment can also be made directly to our bank by **BACS - over £50 only**, or **Overseas Transfer - over £500 only**. Payment from account holders is due strictly within 30 days from the date of invoice. We reserve the right to charge interest on overdue accounts.

Retention of Title

Title to all goods remains with Morco Ltd. until full payment is received and cleared, but responsibility for the goods passes on delivery. Morco Ltd. reserves the right to recover all costs plus interest charges arising from payments which are dishonoured, late, or not forthcoming.

Guarantee

Unless stated otherwise, all products, except lamp and fuse filaments, are guaranteed for 12 months from the date of invoice. **We accept no liability whatsoever in the case of claimed consequential or similar loss.**

Prices (all shown in Pounds Sterling, GBP-£), specifications, offers, etc. are subject to change without notice. Please confirm when ordering, if required.

E&OE.

Business is conducted under English law. Morco Limited is registered in England, No. 2347424 UK VAT Reg. No.: GB 416 4264 65

PHOTOTHERM

Automatic Film Processors

PhotoTherm is the world leader in table-top film processing technology. For over twenty years the AFP range has offered the ultimate in sophistication combined with consistent reliability and ease of use. The unique dynamic tempering system eliminates warm-up delays and energy wastage enabling an AFP model to complete a process from cold before any other processor is even ready to start! Economic to buy and very economic to run.

Information: (D) (ES) (F) (GB) (I) (NL)

PhotoTherm AFP-1

Fully automatic processor for all film types with capacity of up to 4 - 35mm films (for example) per process. Many user programmable features.

Maximum film capacities:

35mm	4
120 (loaded 2 per reel)	4
220	2
4x5"	4

Dimensions: 40x50x30cm (16x21x13") approx.

Weight: 10.4kg (23lbs) approx.

Power: 220/240v 650w (110v available).

Chemical per film: 100ml approx.

Simultaneous connections for: E6 (4-step or 7-step), C41 (Standard or Rapid), Black & White (Any). including Stabilisers or Wetting Agents.

Internal Cleaning: Fully automatic after every process.

'Up-Rate' facility: 5 second steps with automatic reset.

Description	Price £	Price £
	Exc. VAT	Inc. VAT

AFP-1 complete	4000.00	4800.00
-----------------------	----------------	----------------

Supplied complete and ready to use with: Standard Microchip Control, Dryer Unit, 4-Film Tank with Spirals, Blocking unit, 12 x Chemical Storage Bottles, 25litre Water Bottle, 25litre Waste Bottle, Mains Water Connector Kit, Tube Connectors, Care Kit, Mains Power Lead, Instruction Manual.

Accessories:

4x5" Film Holder (4 sheets)	120.00	144.00
-----------------------------	--------	--------

PhotoTherm AFP-8R

Fully automatic processor for all film types with capacity of up to 8 - 35mm films (for example) per process. Many user programmable features. Plus the added facility of an automatic replenishment system for bleach and fix solutions - so offering the higher volume user the option of even greater chemical economy.

Maximum film capacities:

35mm	8
120 (loaded 2 per reel)	10
220	5
4x5"	8

Dimensions: 40x50x30cm (16x21x13") approx.

Weight: 13kg (26lbs) approx.

Power: 220/240v 950w (110v available).

Chemical per film: 100ml approx.

Simultaneous connections for: E6 (4-step or 7-step), C41 (Standard or Rapid), Black & White (Any). including Stabilisers or Wetting Agents.

Internal Cleaning: Fully automatic after every process.

'Up-Rate' facility: 5 second steps with automatic reset.

Code Description Price £ - Excluding VAT Price £ - Including VAT

Unimount Classic Dry Mounting Tissue

This premium grade dry mounting tissue is widely regarded as the industry standard for the permanent mounting of all types of flat artwork. It is especially popular among bespoke picture framers and photo processors, due to its superb "lay flat" properties. Unimount Classic™ is suitable for mounting posters, prints, photographs, inkjets, pastels, charcoals, colour copies, maps, charts, blue prints and plans. Unimount Classic™ is compatible with a wide variety of substrates, including mount board, pulp boards and grey boards, foam centred boards, hardboard, MDF and of course, the board that is specifically designed for professional finishing - White Display Board. Unlike some lesser tissues, Unimount Classic™ has a very wide activation temperature range, from around 70deg c to 115deg c, making it ideal for a huge range of jobs. Unimount Classic™ has a very high grade adhesive, which is impregnated into a porous pH neutral tissue. The tissue itself has excellent breathability, which allows air to escape from the various layers of your work.

HOTH4011	52cm x 25m (20.5" x 82') roll.....	40.00	48.00 ***
HOTH4019	65cm x 25m (25.5" x 82') roll.....	43.33	52.00
HOTH25164	65cm x 50m (25.5" x 164') roll.....	72.50	87.00
HOTH4036	104cm x 25m (41" x 82') roll.....	72.50	87.00
HOTH41164	104cm x 50m (41" x 164') roll.....	120.00	144.00

White Display Board, 2000micron

White Display Board is a 2000 micron board with a very dense core. Unlike many mount boards, which are softer and more open structured, White Display Board does not readily absorb moisture. Additionally the core is smoother than ordinary pulp boards, reducing the effect of 'orange peel' on glossy artwork. The clay coated, high white board liners act as a good key for adhesives and also help repel moisture. White Display Board is also porous, which is an added advantage when using a vacuum press. White Display Board is a pH neutral product and priced competitively for such a specialised product.

HOTV5036	50.8 x 61.0cm (20 x 24") 20 sheets.....	33.33	40.00 ***
HOTV5080	81.5 x 112cm (32 x 44") 10 sheets.....	33.33	40.00

Foam Centred Board, 5mm

The board is white on both sides and pH neutral. It is light weight, but very rigid and is easy to cut. We recommend this board for cold mounting procedures under 40deg c.

HOTV5366	30.5 x 40.6cm (12 x 16") 25 sheets.....	28.33	34.00 ***
HOTV5375	76.3 x 101.6cm (30 x 40") 25 sheets.....	125.00	150.00
HOTV5380	101.6 x 152.4cm (40 x 60") 25 sheets.....	242.50	291.00

Self Adhesive Board

For those without a press or laminator self adhesive boards offer the opportunity of mounting artwork by hand. These boards have a high initial tack and cannot be considered as 'repositional'. The standard board is 1500 micron thick and the 'jumbo' size is 2500 micron thick – for extra stability on larger jobs.

HOTW5310	80 x 120cm (31 x 47") 5 sheets.....	25.00	30.00
HOTW1	101.6 x 152.5cm (40" x 60") 5 sheets.....	62.50	75.00

Studio Style Flash... for just £67.50 +VAT

If you are on a tight budget and already have a hotshoe fitting flash unit, adding the following items is a great way to achieve soft studio style results indoors or outdoors:

Lastolite LS1159 - Lighting Stand, Air Cushioned, 85-310cm (33-122")....	29.17	35.00
Lastolite LA2422 - Tilthead, Flash/Umbrella Holder with locking mount...	20.83	25.00
Lastolite LV3207F - Translucent Umbrella, shoot-through or reflect, 72cm (28")	17.50	21.00
Total.....	67.50	81.00

You can also have wireless triggering of the flash from your camera up to 100 metres by adding:

Kenro FE.RF25D - Wireless Transmitter & Receiver.....	51.67	62.00

Flash 'Safe-Synch'

Probably the most important flash accessory you need! Even many recently produced non-digital flash units have triggering voltages way above the 6v required for safe operation by current digital cameras. For example, the still very popular Metz 45CT4 has a triggering voltage of double the safe voltage! Without a 'Safe-Synch' you could fry the electronics of a digital camera!! The 'Safe-Synch' reduces the triggering voltage of up to 400v for non-digital flash units down to under 6v when used with digital cameras, vital to protect the electronics of the camera.

990560	SS-HSHS	Safe Synch Connector, Hot-shoe to Hot-shoe and PC fit.....	45.00	54.00
990510	SS-MPMP	Safe Synch Connector, Jack-plug to Jack-plug fit.....	45.00	54.00

DOUGLAS Grey Card

A grey card is an indispensable part of the serious photographer's tool-kit. It delivers the full range of vital functions, including exposure measurement, contrast measurement, colour balancing and the setting of white balance. The Douglas Grey Card combines trusted scientific principles with new materials to provide better colour balancing of digital and conventional materials, for the fullest range of natural and artificial light conditions. The card reflects the same proportion of all colours of light falling on it, including ultra-violet and the limit of visible red. Folded, the Douglas Grey Card is just under A5 size. Fully opened it is large enough to fill a 35mm camera viewfinder at 50cm (18") with a 50mm lens. The grey side has a reflectance value of 18%

BEATTIE

Intenscreens

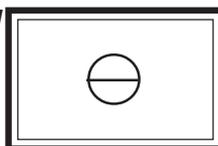

The Beattie Intenscreen is a complete replacement focusing screen available for a wide range of cameras from 35mm to Large Format. They offer up to 5 f-stops improvement in viewing brightness over a conventional screen combined with 'snap' focusing due to their exceptional clarity. They offer considerable benefits in all situations and are especially invaluable in low light or when using long or slow lenses. Only a genuine Beattie screen can offer all these features.

Plain Matt

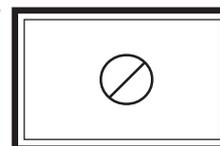

Most screens are available in six variants: (not to scale, 'plain' has some markings on certain models.)

Horizontal Split Image

Diagonal Split Image

Plus: 'Gridded' versions are available in ALL cases, please specify if required.
